**SEE OVERLEAF FOR MORE INFORMATION**

## SWIMS

The lake being fished for a match will be closed to members between the draw time and conclusion of the match.

On the School Pool club members are able to fish in the swim numbers which have a **RED BACKGROUND**. Depending on match attendance members may be requested to only use **2 RODS** during the match period. Swims not allocated with a **RED** background must be vacated prior to matches as follows:- Morning match swim must be vacated by 7.30am and evening match swims must be vacated by 4pm of same day. In some matches, following the draw, some swims may be available to members to fish from at the match organiser's discretion. The match organisers would like to thank all members for their co-operation on match days.

## TEAM SERIES

The club is revamping the Pairs series. This series is open to senior members and will be limited to 15 anglers fishing 6 matches split between Bracher Pools and the Willow Pool as shown in the calendar.

The **Fishing** will take place between **9am and 2pm** with the **draw** being held at **7.45am**, however on the **first match** (25 June) the **draw** will be made at **7.30am** to allow time for the drawing of the teams. The teams will be picked out of a hat on the day of the first match and the anglers will then fish as a team through the 6 match series.

The pools for this series will remain the same as last year. When registering for the series anglers must pay **£10** (This will go to the overall pools). Match 1 will cost **£15** (£5 for the optional pools on the day and £10 going to the overall pools) with matches 2-6 costing just **£5** (£5 for the optional pools on the day).

The £5 optional pools paid on the match day will be paid out to the top 3 individuals. (Not top teams)

The prize fund for the overall series based on the maximum number of anglers will be split between the top 3 teams with of course a booby prize for the team coming last!

Points will be awarded to the team securing the highest total weight, after the deduction of the individual team member's lowest weight (i.e. the top two weights per team count) The points will be awarded based on highest weight down (i.e. 10 points for top teams combined weight) All the matches in the series count towards the final point's total.

To fish this series you must register, by the **31<sup>st</sup> May 2017**, your name with Ray Leslie (07516207364) or Terry Lawrence (07711856509) so that numbers can be established prior to the first match.
